

HOW TO USE THE ECHO METER TOUCH 2

WHAT YOU'LL NEED:

- Echo Meter Touch 2 device (from BCCDKY)
- Device adapter (depending on device type – from BCCDKY)
- Smartphone or tablet (Apple or Android)
- Echo Meter Touch app
- A quiet outdoor location with open sky above (at dusk or night)

- 01** Plug the Echo Meter Touch 2 into the charging port of a phone or tablet. If using an adapter, connect the adapter to your device, then connect the Echo Meter device to the other end.

- 02** Open the Echo Meter Touch App
- From the sidebar ≡ select: Auto ID selection>North America>Kentucky.
 - From the sidebar, go back to Live View 

- 03** Find a Good Spot
- Find a quiet place -close to trees or water with open sky.
 - Stay away from busy roads and bright streetlights to hear bats better.

- 04** Start Listening for Bats!
- Press the record button on the app and hold your device towards the sky. A live spectrogram will show. Identified bat species will be highlighted.

- 05** Share & Learn!
- Access recordings by clicking the sidebar ≡ and selecting 'recordings'.
 - Upload good recordings to the BCCDKY website!

06 Tips for Success

- ✓ Stay patient—bats may take time to appear.
- ✓ Hold the device steady for better recordings.
- ✓ Be aware of your surroundings, especially around water and wildlife!
- ✓ Dress for the weather—it might be chilly at night!
